

2024-25 ANNUAL REPORT SIGMA ALPHA EPSILON

At NMDPSM, we believe each of us holds the key to curing blood cancers and disorders. As a global nonprofit leader in cell therapy, NMDP creates essential connections between researchers and supporters to inspire action and accelerate innovation to find life-saving cures. With the help of blood stem cell donors from the world's most diverse registry and our extensive network of transplant partners, physicians and caregivers, we're expanding access to treatment so that every patient can receive their life-saving cell therapy. NMDP. Find cures. Save lives.

Our partnership

SAE adopted NMDP as an official service partner at SAE's 165th Convention in 2021 in Des Moines, IA. In the 4 years since then, the brothers of SAE have helped to spread awareness on their respective campuses and grow the NMDP Registry with new donors. Read this [article](#) and watch this [video](#) to learn more about our lifesaving collaboration that continues to expand!

Donor Story

In 2024-25 SAE had an incredible 44 donors from registry events, bringing the SAE all-time donor count to 90 donors.

This year, SAE's very own Owen Emert from the Michigan Alpha chapter at Adrian College (photo on the right) donated his stem cells to provide a second chance at life for a patient in need. He swabbed at an event his chapter held the prior year.

Owen said, "I swabbed, joined, matched and donated in just over a year. The process has been easy and very flexible around my college schedule."

Thank you Owen and all of the donors from SAE recruitment efforts!
